

ADOPT!

2016 Annual Report

Dear Friends,

What a year we had in 2016 – so many incredible opportunities to help pets and people in our communities! It's hard to pick the best parts of an entire year, but there certainly were some stand out moments.

Rescued from a dog meat factory in Korea, and sent all the way to the US to get a chance at a better life, Tamela and Norman are great examples. After they were adopted, we became official Emergency Placement Partners for the Humane Society of the United States.

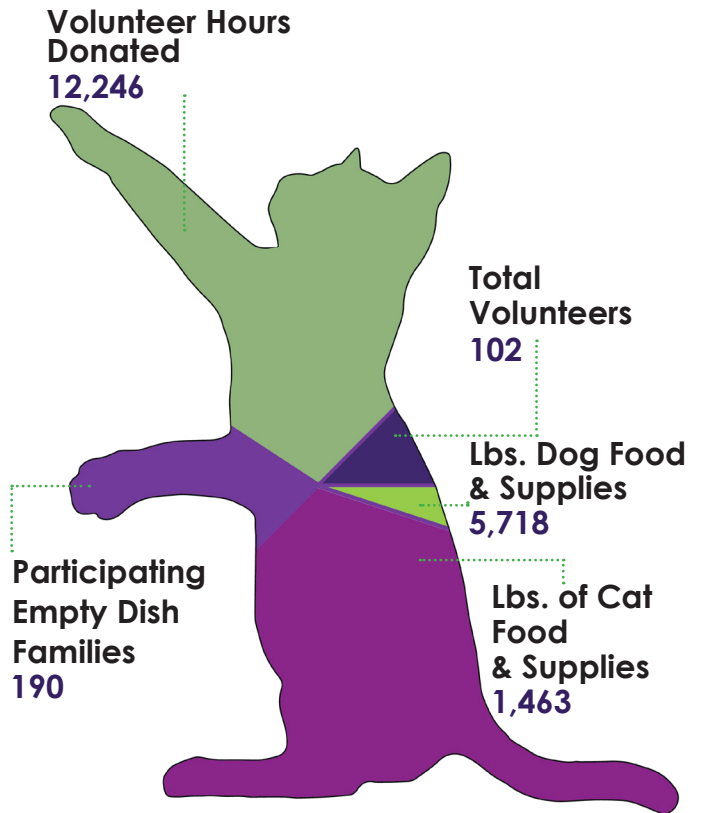

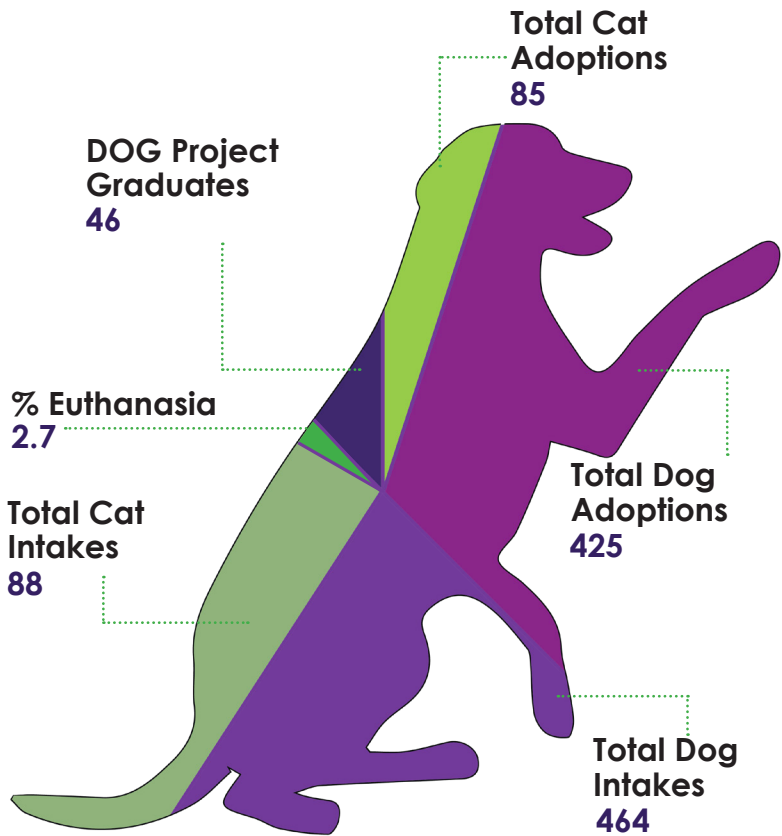

And there's more. In June, our message of bridge-building and collaboration found its way to a bigger stage at TEDx Cheyenne and has now been shared on

YouTube more than 400 times. We had our first full year of cat adoptions with more than 100 cats finding adoptive homes as a result. The DOG Project provided dozens of shelter dogs with basic training and served to help prison inmates gain valuable vocational training.

As you can see, your donations are making a difference. In fact, *they are the only thing that are*. Thank you for being the kind of community which understands that homeless pets are all of our responsibility. Thank you for trusting us to make their lives better with your support.

Sincerely,

Executive Director
