

A close-up photograph of a black and white puppy being held by a person's hand. The puppy is looking towards the camera with a calm expression. The person's hand is visible, gently supporting the puppy. The background is slightly blurred, showing an indoor setting with a doorway.

2020 ANNUAL REPORT

Black Dog
Animal Rescue

Letter from the Director

Dear Friends,

Grateful cannot begin to describe how we are feeling after the tempest that was 2020. Like so many nonprofits, the effects of COVID-19 and the subsequent, necessary slowing of our local economy had us worried. Had we done enough, planned and preserved, to weather this crisis?

The answer is yes.

Thanks to you and your continued support, we not only survived but somehow even thrived. From working from home, to providing COVID-19 related resources for pets and their owners, to shifting our animal acceptance policy allowing for owned pets in need of sheltering and adoption, you stuck with us and continued your support through it all. This, despite every major fundraiser having been cancelled.

Because of you, our facility has seen dramatic improvements, including new drainage, a new roof, and an air conditioning system. The greatest success is the completion of Kitty City, our onsite shelter for cats and kittens, helping provide second chances to hundreds more homeless animals each year. A very special thanks to Connor Fisbeck for choosing this project in order to earn his Eagle Scout.

The New Year brings renewed energy and optimism. It is our goal, always, to add value to this community, to spread compassion, and to provide the necessary resources ensuring everyone can care for their companion pets like the family they are. Thank you for helping continue this essential work.

Together,

Britney
